studio represents a critical next step for string students position playing allows players to extend range beyond the basics and move into the ranks of intermediate and advanced ensemble groups the most important positions vary for each instrument and whistler wisely introduces the most used positions first in volume 1 followed by the next most important in volume 2 an irreplaceable component for every string student s training

sound innovations sound development for advanced string orchestra continues the emphasis on playing with a characteristic beautiful sound but also focuses on 3 octave scales particularly scales that students will need for regional auditions and all states advanced technical skills are presented in four levels consistent with the revolutionary sound innovations structure 1 sound tone 2 sound bowing 3 sound shifting and 4 sound scales and arpeggios the levels can be used in the order that is best for your students as individual warm ups or as structured units the perfect book to follow sound development for intermediate string orchestra or for any advanced string ensemble or individual learner your students will further refine the proper use of the bow bow strokes shifting and 3 octave scales

new cello students nearly always start in first position aided by finger tapes or guides for accurate finger placement as they advance they are expected to learn to shift out of first position but the focus is on the movement of the shift rather than on note locations or pitch accuracy in this book author and versatile cellist halley feaster introduces a step by step approach to understanding each position leading to thorough comprehension of the cello fingerboard and a more confident and well rounded player together with its engaging video component cello position handbook shows advanced beginners and intermediate students what notes are available in each of 12 positions short exercises and excerpts are provided for practice in each location ultimately enabling fluid performance without excessive shifting on completion of this volume students will be familiar with what notes are available in each position and be able to move comfortably between them while expanding their repertoires includes access to online video

the third and fifth position string builder is to be used after book 3 of the belwin string builder however it may also be used as a continuation of any the standard string class methods in this book the violin viola cello and bass play together the book for each instrument however is a complete unit and may be used separately for class or individual instruction in this book the pupil is carefully taken step by step through the third and fifth positions the pupil is taught to find each finger after which simple shifts are introduced with the same finger followed by shifts to these positions with different fingers each type of shift is presented and developed with interesting melodies the material in this volume is chosen for its musical interest and its technical value there are a number of duets which are to be played by either two pupils or with the class divided into two groups the material in this book is realistically graded so that only a minimum of explanatory material is required suggestions for work by rote are presented throughout the book published for violin viola cello bass piano accompaniment teacher s manual

position pieces for cello is designed to give students a logical and fun way to learn their way around the fingerboard each hand position is introduced with exercises called target practice geography quiz and names and numbers following these exercises are tuneful cello duets which have been specifically composed to require students to play in that hand position in this way students gain a thorough knowledge of how to find the hand positions and once there which notes are possible to play using these pieces with names like i was a teenage monster the irish tenor and i ve got the blues baby position study on the cello has never been so much fun
